# MEASURE K:

## BUILDING A STRONG EDUCATIONAL FOUNDATION

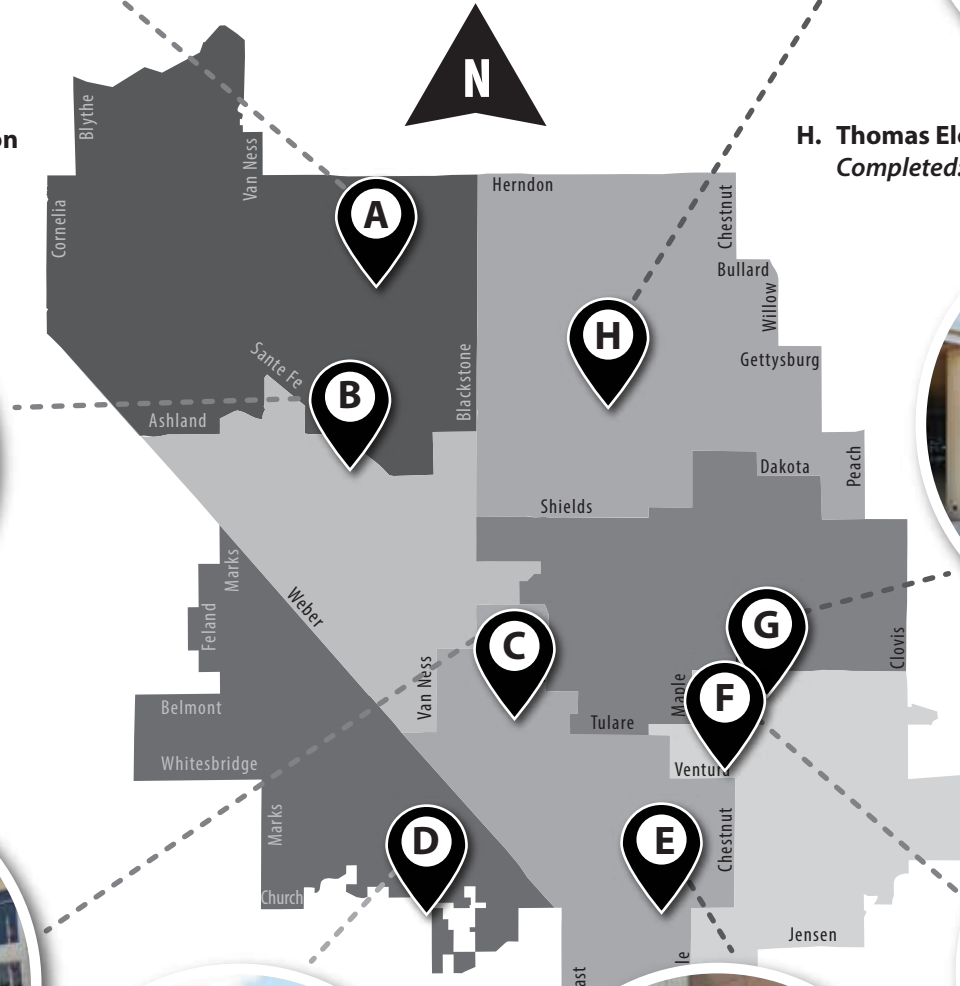

**A. Bullard Theater Modernization**  
Completed: 2013

**H. Thomas Elementary School Cafeteria Upgrades**  
Completed: 2011

**B. Williams Elementary**  
Completed: August 2007

**G. Bakman Elementary**  
Completed: August 2005

**C. Yokomi Elementary**  
Completed: August 2005

**D. Gaston Middle School**  
Completed: August 2014

**E. Vang Pao Elementary**  
Completed: August 2012

**F. Olmos Elementary**  
Completed: August 2007

Using Measure K, approved by voters in 2001, the district built five elementary schools, relieving crowding at some schools and allowing the district to move to one traditional calendar rather than having many schools on year-round schedules. It also built the Rutherford B. Gaston Sr. Middle School in southwest Fresno, bringing back a neighborhood middle school to the area for the

first time since Irwin Junior High School was converted into a magnet middle school in 1978.

Measure K also funded hundreds of renovations, new buildings, and improvements throughout the district, ranging from heating and cooling systems to playing fields and playground equipment to safety upgrades.

# MEASURE Q:

## TRANSFORMING HIGH SCHOOLS ACROSS THE DISTRICT

**A. South Classroom Building at Bullard High School**

**h. Classroom Building at Hoover High School**

**B. Administration Building at Fresno High School**

**g. Classroom Building at McLane High School**

**C. Phillip J. Patiño School of Entrepreneurship**

**D. Classroom Building at Edison High School**

**E. Classroom Wing at Roosevelt High School**

**F. Gymnasium Floor at Sunnyside High School**

Using Measure Q, approved by voters in 2010, the district made dramatic improvements to high schools, including new academic buildings and arts and athletic facilities. Measure Q also built the Phillip J. Patiño School of Entrepreneurship, which opened a year ago emphasizing technology and innovation.

Measure Q also funded hundreds of renovations, new buildings, and improvements throughout the district, ranging from heating and cooling systems to better drainage to safety upgrades.
